VIGILEX®
SAFETY PROTECTION By STIF

COMING SOON

Explosion Vent Panel EAZYFIX

Specifically designed to simplify installation on bucket elevator legs while maintaining the highest standards of explosion protection.

OPTIMIZED INSTALLATION
Up to 3× faster than a standard panel

The panel is supplied with a complete fastening kit, including pre-positioned bolts for faster, safer installation.

ADVANTAGES

- Rectangular design optimized for elevator legs
- Installation requires only 6 bolts (10 for 586 × 920 size)
- No precision cutting required for the vent opening
- No screw welding needed on the elevator structure
- Dome-head screws minimize contact inside the leg
- Integrated support bracket ensures optimal positioning and stability

ALL RIGHTS RESERVED PATENT PENDING N° FR2609665

ATEX CERTIFICATION PENDING

BUILT FOR INDUSTRIAL PERFORMANCE

- High mechanical rigidity provided by an integrated folding flange
- **IP65**-rated protection in accordance with **EN 60529**
- Standard static opening pressure : **Pstat = 1.45psi** (100 mbar)
- Available gaskets : **EPDM or Silicone**
- Vacuum resistance up to **0.44psi** (30 mbar)

SIZES

- **6x24in** (170x470mm)
- **14x21in** (270x458mm)
- **15x28in** (305x610mm)
- **17x30in** (350x650mm)
- **19x23in** (490x590mm)
- **26x39in** (586x920mm)
